

## TYRE ORDER FORM FOR RALLY LIEPAJA VENTSPILS 2013

Michelin WRC tyre with WRC Swedish studding (7mm Wipertech studs)

The asymmetric design of the tread make the studs strike the ground both in straight line, which ensures better traction and braking, as well as in curves thanks to the oblique blocks. When traction and perpendicular grip are combined, the **MICHELIN X-ice north** gives you the best combination of stability and control on deep snow and icy conditions.

Tyre Size	Tyre Type	Rim	Tread Width (mm)*	Section Width (mm)	Inflated diameter (mm)	Rolling circumference (mm)*
15/65-15	X-Ice North Left	7 x 15	150	204	650	2050
15/65-15	X-Ice North Right	7 x 15	150	204	650	2050

\*Pressure 1,8 bars

**Pneu Sport, official MICHELIN Motorsport tyre dealer.**
